*Environmental*

 a division of The Helping Hand Company

Personalisation option available - why not feature your council logo!

## Complete mobile cleansing solution

### ♻️ SUPPORT OPERATIONAL EFFICIENCY AND REMOTE WORKING

50% lighter than conventional barrows - complete tools package

### ♻️ INCREASED COLLECTION CAPACITY

Holds up to 402% more waste vs a standard hoop

### ♻️ RECYCLE EVEN MORE ON THE GO

Segregate and sort your recyclables - recover costs back in 8 weeks

## STREET BOSS

♻️ 51% recycled material

♻️ 82% recyclable

♻️ 100% reusable

## STREET BOSS®

### Road tested results...

“ I can operate the Street Boss one handed and easily manoeuvre between parked cars and up and down kerbs: it really can go anywhere. The Street Boss has made my job so much quicker and easier than having to push a traditional heavier barrow ”

“ The capacity to carry two bags - to separate and sort litter and dry recyclables when litter picking - is a fantastic asset. So far, our local authority has recycled approximately three tonnes of waste in one month which would have previously gone into landfill ”

“ Street Boss fully supports our service delivery thanks to its light-weight design and manoeuvrability across our Cannock site. Our six site operatives loved using the cart as it is a lot more comfortable and professional than carrying a cleansing bag ”

### STREET BOSS - New features
