Ergonomic Working:

ZONE 3
RELIEVE NECK STRAIN

Achieve comfortable viewing.
Ensure your eyes are in line with
the top of your screen.

How to use a monitor stand/riser

1. **Adjust the height -** Whether sitting or standing adjust the monitor riser until the top of your monitor or monitors are roughly level with your eyes

2. **Positioning -** Check that your monitor is positioned so you can touch the screen with your finger tips

3. **Tilt -** Slightly tilting the screen upwards can also help create a more comfortable neck position

TIP. Combine with a document support or writing slope to further reduce neck and eye strain.
