Premium Gel Angle Adjustable Mousepad Wrist Support

Ergonomic wrist position

Provides support to your wrists, ensuring your forearms are horizontal and wrists are in a neutral position.

Angle Adjustable

Angle adjustable with a 10mm forward or negative adjustment allows for individual customisation and the adoption of a preferred working position.

Soothing Gel

Soothing gel cushion with durable polyester cover for long-lasting comfort and support.

Recyclability:

Product

Packaging

Ergonomic Working:

ZONE 2 AVOID WRIST PRESSURE

Support your wrists.
Keep forearms parallel with the top of your desk and wrists in a neutral posture.

Fellowes

How to use a Wrist Support

- 1. Mouse position:** Place your mouse and mousepad/flex rest in line with your shoulders, or as close to your keyboard as possible to avoid tension in the arm and shoulder (or so your arm is relaxed by your body)
- 2. Keyboard position:** Place your keyboard/rest close to you so you do not need to reach forward
- 3. Arm position:** Check your sitting height to ensure your forearms are horizontal and your wrists are in a neutral position when mousing or typing.

Certifications:

Pending: EN ISO 9241-5 1999 Ergonomic requirements for office work with visual display terminals (VDT's): part 5: 1999, workstation layout and postural requirements.

Aftercare:

Cleaning: Wipe over with a damp microfibre cloth. Do not use any cleaning solutions.

Handling & Storage: Read and follow all instructions and warnings before use. This product is intended for indoor use only.
