

8-in-1 USB-C Multiport Adapter Technical Specifications

Product Information

EAN	6940056114129
Brand	Rapoo
SKU	10423215
Manu Part #	11412

Design

Internal	No
Product colour	Black
Easy to install	Yes

Weight & dimensions

Height	14 mm
Width	110 mm
Depth	43 mm
Weight	74 g

Features

Plug and Play	Yes
---------------	-----

Ports & interfaces

USB 32 Gen 1 (31 Gen 1) Type-A ports quantity	2
Host interface	USB Type-C
Host interface gender	Male
Output interface	HDMI, RJ-45, USB 3.2 Gen 1 (3.1 Gen 1), USB Type-C
USB 32 Gen 1 (31 Gen 1) Type-C ports quantity	2

Power

USB powered	Yes
Power consumption (typical)	7.5 W

Output voltage	5 V
Output current	1.5 A

Packaging data

Quantity per pack	1 pc(s)
Manual	Yes

Product Description

Simplify your life with this multi-functional accessory from Rapoo, a must-have for anyone who needs to connect various devices to their USB-C notebook. Boasting an elegant yet durable exterior with aluminium housing, Rapoo's UCM-2004 enables you to connect 7 devices and charge your USB-C host device at the same time. Enjoy an all-in-one solution that covers your multimedia connection necessities. UCM-2004 features a reversible ultra-slim design of the USB-C plug, which offers extra convenience, eliminating the all-familiar problem of plug orientation or cable direction. Simply connect it with ease no matter its side! The times of not having enough USB ports available are behind you since UCM-2004 allows you to connect 2 USB-A devices and 1 USB-C device. Extend your screen with the available HDMI port and directly stream 4K UHD@60Hz video to HDTV's, monitors, or projectors: perfect to enjoy a full HD movie on your HDTV, extend a video game on your monitors, or impress with your presentations during business and office meetings. With the UCM-2004 you can also connect your input devices such as keyboards, computer mice and external hard drives to your USB-C device. Enjoy fast and reliable file transfer speed of 5Gbps. You can also read and write SD and MicroSD Cards thanks to the built-in card reader slots. Use the RJ45 port to connect to a wired Gigabit network: especially useful in cases of unavailable wireless network, wireless interference or bad connection, or when you need faster internet connection than the available wireless network. UCM-2004 works with Windows notebooks, PC's, Chromebooks with a USB-C port, MacBook Pro/Air with Thunderbolt 3 or 4, iPad, other tablets and smartphones, as well as many other devices with a USB-C port. It is also compatible with Samsung Dex/Desktop Mode. To top it off, you can do all that while you are powering up your notebook with the 100W USB-C Power Delivery port! UCM-2004 is also very easy and works with all major operating systems and popular USB-C devices. It's fully Plug & Play, there are no additional drivers or software needed, simply plug the USB-C input cable and you are ready to go.
