EcoTank ET-M2120

Reduce printing costs with this reliable, time-saving and energy-efficient EcoTank which features print, copy, scan and mobile printing.

Discover low printing costs using this EcoTank with print, copy, scan and mobile printing. Offering a cost-efficient solution, one bottle of EcoTank ink is the equivalent of five toner cartridges[1]. The refillable ink tank printer is durable, fast and energy efficient, and this model features a Micro Piezo printhead and 150-sheet front tray.

Reduce your printing costs
You can save up to 200 over three years[2], with the included ink and affordable replacement ink bottles. The economical EcoTank features a large refillable ink tank that you fill with the included ink bottles instead of toner. From the start you have enough ink to print thousands of pages, slashing costs and saving time as you're not frequently changing toner.

Low cost replacements
Replacement ink is affordable with one bottle of EcoTank ink providing the equivalent of five toners' worth of ink[1].

Reliable
Giving peace of mind, every EcoTank mono printer comes with a one-year/100,000-page warranty.

Save time
Don't waste time changing supplies - with an ink tank system, you can essentially fill it up and forget about it. Printing is fast with no warm-up time and print speeds of 15ppm[3].

Save energy
Cut energy usage and reduce overheads with an EcoTank mono printer. It can save up to 95%[4] in power consumption compared to mono laser printers.
