Wireless shipping and barcode label printer

The Brother QL-1110NWb is a high-speed, wide format label printer engineered with Bluetooth, wired and wireless interfaces. Print shipping labels up to 4" wide using your PC, Mac, smartphone or tablet.

QL-1110NWb

Key Features:

- Print labels up to 103.6mm wide from PC, Mac, smartphone or tablet
- USB, Ethernet, Wi-Fi and Bluetooth connectivity with support for MFi and AirPrint
- Supports printing of FBA (Fulfilled by Amazon) labels through crop print function
- Built-in cutter to create your own length labels using unique continuous rolls
- Various SDK (Software Development Kits) available for Windows, iOS and Android devices
- Microsoft office integration - make light work of large address labelling jobs with the ability to connect to a PC or Mac
- Easy drop-in label rolls

High speed label printing

This wide format shipping label printer has a 4 inch(101.6mm) print width - to offer maximum compatibility with various shipping label software packages.

Easily send your products to a Fulfilled By Amazon (FBA) warehouse using the crop print function*. Simply print the PDF that contains the multiple barcode labels from your FBA account, and let the driver detect, extract and print each individual label to the QL-1110NWb automatically.

With USB, Ethernet, Wi-Fi and Bluetooth, you can choose to print labels from your PC, Mac, smartphone or tablet, whichever is most convenient. Plus, with Apple MFi certification and AirPrint, all your connectivity options are covered. Thanks to the integrated P-touch Editor Lite label design software, simply connect to your computer, click the icon to launch the software and design and print your labels. Or use the advanced P-touch Editor label design software to include barcodes, images, logos and other advanced functions. You can also print directly from MS Word, Excel and Outlook too, meaning batch labelling jobs are a breeze.

* Windows only.
