Wireless label printer

The Brother QL-810Wc is a high-speed label printer which prints labels directly from a PC, Mac, smartphone or tablet using USB or Wi-Fi, as well as 2-colour labels containing black and red*.

QL-810Wc

Key Features:

- Choose from pre-sized labels or Brother's continuous roll option which allows you to print labels to the size you need up to 1metre in length
- USB and Wi-Fi connectivity with AirPrint support to print directly from another wireless device
- Built-in label editing software doesn't need installing - simply click to run
- Integrated cutter to create your own length labels
- Download free P-touch Editor label design software to include barcodes, images and print from a database
- Easy drop-in label rolls

Versatile and easy-to-use

This high-speed label printer connects to your PC, Mac, smartphone or tablet using USB or Wi-Fi. Thanks to the integrated P-touch Editor Lite label design software, simply connect to your computer, click the icon to launch the software and design and print your labels. Or use the advanced P-touch Editor label design software to include barcodes, images, logos and other advanced functions. You can also print directly from MS Word, Excel and Outlook too, meaning batch labelling jobs are a breeze.

With a wide range of label sizes available in both paper and plastic films, the QL-810Wc is suitable for address and shipping labels as well as indoor signage. With Brother's unique continuous rolls and an integrated cutter, you can create custom length labels to the exact length required, all from the same roll.

Mounted on a special roll guide, Brother DK labels are easy to install and the guide ensures that each label is printed straight. Brother QL labellers are also intuitive, they recognise the size of the label installed and display this on P-touch Editor, ensuring any label prints exactly as expected.

* Requires DK-22251 continuous roll to print in black and red.

DK rolls for the QL-800 label printer range

Wide range of labels available in paper and plastic film material, pre-sized labels or continuous rolls

DK Die-Cut Labels	Material	Colour	Size	Item No.
Standard address label (400/roll)	Paper	White	29 x 90 mm	DK-11201
