

Custom designed for a perfect fit, the Extreme Folio-X case protects the iPad 10 with shock-absorbing edge and corner bumpers, while protecting users from germs with a smooth, wipeable surface designed for easy cleaning. The perfect fit ensures easy access to all ports and controls and the clear back panel provides visibility to asset tags. The smart on/of cover safeguards battery life, converts into a stable stand and closes securely with a wide flap that wraps securely around the stylus. The integrated loop keeps your Apple Pencil (or any stylus) close at hand and can be easily removed as needed.
