1

SPECIFICATION SHEET

SOF TACTICAL TOURNIQUET

Special Operation Forces Tactical Tourniquet

- A true constricting band for increased constricting pressure and patient comfort.
- Quick-connect, snap-lock buckle design, allowing rapid re-routing of the band around trapped limbs without rethreading.
- Lower-profile, lighter weight alloy components, providing the required strength and durability only metal can offer.
- Single application method regardless of location.
- Controls life-threatening extremity haemorrhage.
