SPECIFICATION SHEET

ZOLL AED PLUS SEMI AUTOMATIC DEFIBRILLATOR

The Zoll AED Plus ensures rescuers respond appropriately whilst resuscitating a victim of sudden cardiac arrest. It teaches them quickly and simply through every important step of the rescue process. Only the AED Plus with its exclusive , one piece electrode can measure the rate and depth of chest compressions during CPR. It immediately tells rescuers how well compressions are being performed.

- Semi Automatic defibrillator analyses heart and delivers shock with the press of a button
- Easy to place one piece electrode providing more time to focus on rescue
- Fixed escalating energy (120J,150J,200J)
- Metronome for CPR compression rate
- CPR help technology provides real time feedback on depth and rate of compressions
- Configurable automatic self tests from 1 to 7 days
- 50 mins of ECG and Rescue data
- Powered by 10 lithium batteries
- Carry case included
- 5-year warranty (plus 2 years if registered with Zoll)
