

Setup – Oryx evo D / E / H / W

1. Unfold both **rear** and **prop** legs.

2. Position the stand upright and select one of the four angle settings.

3. Push here to form laptop / document support.

4. Place laptop and document on stand.

5. Position your laptop stand on your desk about an arm's length away with the screen raised. Add an external mouse and keyboard to create an ergonomic workstation.
