

Save time.  
Manage work.  
We have the solution.

TimeMoto offers the complete and convenient solution to manage your workforce and take control over time. With physical, intuitive Time Clocks and cloud-based, insightful software, allow yourself a flexible combination of clocking, scheduling, and handling timesheets and reports.

TimeMoto Time Clocks fuse smart technology with a smooth interface. Designed with convenience in mind, it lets your team clock in and out within seconds. Seamlessly integrated with these Time Clocks are the TimeMoto Cloud Plans, containing an array of features to keep your employee management on track. Capture every minute with a single setup, wherever you are.

A complete clocking solution providing insights on who's working and how long. Get detailed overviews on absences, holiday requests and overtime hours; no more surprises. Most importantly, you'll always get a tailored and flexible solution. One that adapts to your business, not the other way around.

It's time for clarity.

## Step 2 Trial and Choose Cloud Plan

Start your free 30-day trial by visiting [www.timemoto.com/trial](http://www.timemoto.com/trial) to register.

You will get access to the TimeMoto Cloud Plus Plan for up to 50 users, explore the platform in its entirety, and no credit card is needed. You can even practice clocking in and out on your phone using the free TimeMoto mobile app.

After your trial, you can choose the Essential or Plus Plan (monthly or annually) for the number of users you need, or even the Free Plan if you have less than 10 users. Try out the platform and all its features for free to decide which Plan would be best for you and your team.
