## Stand-up

The Mantis is equipped with a tripod stand and makes it possible to adjust the angle of the microphone. This allows you to use the microphone easily in the most comfortable way possible. The universal shock mount and pop filter make sure you are set for clear audio reproduction.

## Success is in your hands

Thanks to the 1.5m cable, you can place the Mantis anywhere. Don't want to be stuck behind your desk? The Mantis can also be used without the tripod, by simply holding the microphone in your hand. Sing, dance or vlog your way to the top!
