

# SCREENS

DESKTOP, FLOOR STANDING & PRIVATE WORKING

## STYLES

## SPECIFICATION

Product guarantee

Designed & manufactured

**Screens** allow employees to be more focused on their work by helping to cut out colleagues' distracting telephone or computer sounds, in addition to improving office acoustics. Free standing floor screens provide visual, physical and acoustic barriers in any workspace by separating parts of the office into teams and groups or creating quiet work zones and breakout areas in open plan spaces.

# SCREENS

FABRIC WRAPPED STRAIGHT DESK SCREENS

Whether dividing desk space or an entire office area, office screens provide an element of privacy for employees, allowing them to be comfortable while they work.

Our fabric straight desktop screens are a cost effective way of dividing desk clusters and are supplied with brackets to fit all 25mm desktops. A universal bracket is available as an optional extra to mount screens to different manufacturer's desks.

30mm thick with a layer of foam between outer fabric and melamine core

Combines a slim profile with a robust and durable construction

Desk mounted screens use standard desk brackets which come as standard

When using as a return screen order ESRB (see page 138)

# SCREENS

VIBE DESKTOP SCREENS

Vibe is a range of made-to-order, designer office screens, available in a multitude of fabric colour options. Vibe screens combine a slim profile with a robust and durable construction to improve the layout and function of any office and they are ideal for use with bench desking with the modern trend of having screens shorter than the desk length, with universal desk brackets that come as standard.

35mm thick with an additional foam layer between outer fabric and MFC core

Made to order, designer desktop screens which are elegant, modern and stylish

Hand crafted, exposing the edge of the stitch detail on a radius corner

Versatile office desk partitions to help provide physical and acoustic barriers

# SCREENS

ACRYLIC SCREEN TOPPERS

Acrylic screen toppers have been designed as an add-on to existing fabric or aluminium frame desktop screens to quickly, easily and at minimal cost convert your existing screen into a barrier screen. The use of acrylic not only allows light to pass through the office but work colleagues can also see each other, plus the additional 300mm of increased height is a solution to help keep employees safe.

Add-on top of existing screens with universal brackets supplied

Suitable for use with all screen widths  
15-30mm depth

Provide cough and sneeze barriers between employees to help stop germs spreading

5mm thick acrylic topper to still allow visibility between colleagues

Base screens not included

FABRIC WRAPPED FLOOR SCREENS

Free standing floor screens are available in three different heights and are used to break up the appearance and divide the space without losing any of the benefits of the open plan layout. Fabric wrapped floor screens also provide the operators with an element of seclusion and privacy and can be joined with the linking strips for connecting 2 screens or 4 screens together.

40mm thick with an additional foam layer between outer fabric and MFC core

Available in 1200mm, 1500mm and 1800mm heights

Screens can utilise the desk as support or can be used with bar feet supplied

2 panel linking strips for connecting screens together (see next page)

FABRICS

Fabrics specified for their acoustic properties are ideal for wall coverings, suspended ceiling panels, desk mounted or free standing screens. The job of the fabric is to allow sound to pass through cleanly, or provide a degree of absorbency, which allows the specialist acoustic system behind to do what it needs to do.

Designed &  
manufactured

Highly relevant in today's modern open plan offices, **Priva workspaces** are designed for those moments where personal space is required to focus on tasks with minimal noise and distraction. The solo booths are a great place for individuals to seek refuge away the busy, hectic office environment by creating a compact, secluded working area which is sometimes needed for a period of intensive work or concentration to finish off the job in hand.

WORKSTATIONS - RECTANGLES

Too much interaction and not enough privacy has become a real issue for employees who need to concentrate or just take a break during the working day. Priva workstations bring a new level of flexibility to the office with versatile, individual cubicles to suit all working styles. Priva Rectangles are high tiered square booths designed to provide a high level of acoustic and visual privacy.

Rectangular workstation pods available in 2 sizes with a study pod ideal for concentrated work

Retreat offering visual and acoustic privacy in open plan office environments

Individual workspaces which can be arranged in a dynamic configuration

Available in two-tone fabrics and ideal for a bustling, busy office by reducing sharp corners

CODE	DESCRIPTION	W	D	H	Band A	Band B	Band C	Band D	Band E

WORKSTATIONS - ANGLES

The loss of private space and an inability to concentrate in an open plan work area has inspired the design of the Priva angles workstations which can be configured to specific needs and support individual work zones. The rich repertoire of geometric shapes can be positioned to suit defined spaces, allowing individuals to concentrate and complete focused tasks in a private space within the workplace environment.

Angled workstation pods available in 2 sizes with a study pod ideal for concentrated work

Design can be easily extended with numerous configurations to suit any office layout

Individual workspaces which can offer more enclosed privacy when arranged the right way

Angles workstations break the traditional "square-cube" stereotype and add a fresh look to the office

PRIVA MODULAR SCREENS

Priva modular floor standing screens are not only colourful and modern additions to the office aesthetics, but also deliver a large array of functional design solutions for every work style and preference. Priva screens are robust, visually inspiring and offer great sound absorption, especially in open plan offices where they can help reduce the noise levels associated with teams and departments working in the same large workspace.

Create space division and reduce transfer of pathogens by adding dividers around areas

Design can be easily extended with numerous configurations to suit any office layout

Modular screen can be added in centre of straight sections to create larger runs of screens

Clean, modern design with two-tone fabric trim options to complement any interior

Add straight screens to increase the overall size
