INK BOTTLE COMPATIBILITY

INK BOTTLE YIELD DATA

				
Included	14,000 pages*	5,200 pages*		
Replacement	7,500 pages*	6,000 pages*		

* Approx. page yield based on ISO/IEC 24711/24712 or ISO/IEC 29102/29103. Actual yield will vary depending on images printed and usage conditions. For more information visit <http://www.epson.eu/pageyield>

1. Average cost per page saving and average number of inkjet cartridges required to print the same number of pages as EcoTank "102" and "104" ink bottles. Comparison between average yield (A4 prints of ISO/IEC 24711) of EcoTank "102" and "104" bottles and the genuine consumables used within the 50 best-selling inkjet cartridge printers (according to GfK Inkjet Printing Devices and Inkjet Printing Cartridges Point of Sale panel market data for Germany, France, UK, Spain and Italy Apr-19 – Mar 2020).
2. Based on print volume of 100 pages per month and the lowest yield produced from the first set of inks.
3. Quoted yields are extrapolated based on Epson original methodology from the print simulation of Test Patterns provided in ISO/IEC 24712 or 29103. Quoted yields are NOT based on ISO/IEC 24711 or 29102. Quoted yields may vary depending on the images that you are printing, the paper type that you are using, the frequency of your prints and environmental conditions such as temperature. During the initial printer setup, a certain amount of ink is used to fill the print head's nozzles, therefore the yield of the initial bundled set will be lower.
4. Epson Smart Panel and Epson Creative Print require a wireless connection and the Epson printing apps. Epson Email Print, Epson Scan-to-Cloud and Epson Remote Print Driver require an internet connection. For more information, supported languages and devices, please visit www.epsonconnect.eu
5. Determined in accordance with ISO/IEC 24734 showing the average of ESAT from the Office Category Test for default simplex. For more information visit the Epson website
