

# ACOUSTIC WORKING

Every open space deserves a private space for deep work, private calls or a creative session. The flexibility within hubs allows inviting areas to be created which can be specially designed to work in conjunction with existing office furniture, accessories and ancillary products, forming an enclosed space where people can withdraw themselves from the noise within the office. A space to retreat, think and evolve.

Privacy can be difficult to find in a modern, open plan office. From the smallest hub, which is like a telephone booth and adequate for one person, to the largest which can accommodate groups, **Silen hubs can be adapted** and customised to fit your own office requirements, creating multiple working zones in one place. Silen hubs are perfect dividers for work and relaxation areas, and you can just activate the wheels and roll your private retreat easily wherever you're in the mood.
