Highlights

built-in 5 hour battery for c

Get entertainment on the go with the built-in battery providing up to 5 h of projection.

Built-in speaker

No need for extra sound systems; the built-in speaker provides the performance you need in a small package.

Compact and Powerful

Compact, ultra powerful and Apple ready. This is your perfect pocket cinema projector.

Fully Connected (HDMI, USB, US

Connect all of your favourite devices via HDMI or USB-C Video. The USB port will let you power any smart stick like Amazon Fire TV or Roku for a truly portable experience.

Get the perfect image

Place it wherever you wish! Keystone, 4 corner correction and digital zoom help eliminate crooked and distorted images for a perfectly proportioned picture even if the device is not straight in front of the wall.

PowerBank

Charge your smart devices via USB-C thanks to the massive battery.

True Full HD 1080p resolution

Get a captivating experience in True Full HD 1080 p! Pictures and colours remain lifelike with outstanding full high definition sharpness for text.

Advanced LED Light Source

The powerful LED light source displays rich, vivid colours and will last up to 30,000 hours. You won't need to replace it as it lasts 20 years with an average usage of 4 hours per day! Additionally, the power consumption is far lower than a regular lamp-based projector, which means you benefit from a bigger screen and fully immersive experience, all through an eco-friendly device!
