

Philips
Stereo headphones

LFH2236

Outstanding audio quality

with Philips stereo headphones

Ultra-lightweight headphone designed for comfort during extended use. The bass beat vents produce deep, rich sound. Sounds around you are perfectly blocked out while the sound from the headphone is kept in a sealed chamber for perfect quality.

Superior audio quality

- Professional headset that enables concentrated transcription in busy office environments
- 30 mm speaker driver delivers big sound performance
- Bass beat vents allow air movement for better sound

For optimal results

- Reinforced cable connectors ensure quality and durability
- Ultra lightweight headband improves comfort and fit
- A 3 meter/10-foot cable for freedom to move about your work area

PHILIPS
sense and simplicity

- Weight: 75 g/2 oz

Accessories

- Philips USB audio adapter LFH9034

Highlights

Everything you need

Philips accessories are designed to help you make the most of your Philips dictation devices. They guarantee optimal results and ensure that your Philips products enjoy a long life.

30 mm speaker driver

Compact for wearing comfort, yet big enough to deliver crisp, powerful sound, the 30 mm speaker driver is the perfect size for non-distorted listening enjoyment.

Bass beat vents

Bass beat vents allow air movement for better sound with a deep rich bass.

Reinforced cable connection

A soft plastic part on the earshell reduces cable strain, protects the connection and prevents damage from repeated bending.

Ultra lightweight design

The slim, lightweight stainless steel headband is so light you'll hardly notice you're wearing it.

3 meter/10-foot cable

The 3 meter/10-foot cable gives you the freedom to move around your work area without having to remove the headphones.
